

# HTML Session Plan Week One

## Setup:

Notepad++/Textwrangler installed on all machines  
Modern HTML5 compatible browsers e.g. Chrome

## Introducing HTML:

Start off with basic tags, make a "Hello World!" Page different text sizes,  
Use <p> tag  
Show <marquee> tag,  
Introduce linking, explain the difference between absolute and relative,  
Show how to put an image on the page,  
Embed a youtube video using the share option on the youtube page  
Show a small bit of style inside other tags.

## General setup:

- Wifi,
- Projector,
- Plenty of: Tables,  
Chairs,  
Plugs.
